

12000 BTU Portable Air Conditioner CP35P5B

CP35P5B

Condor

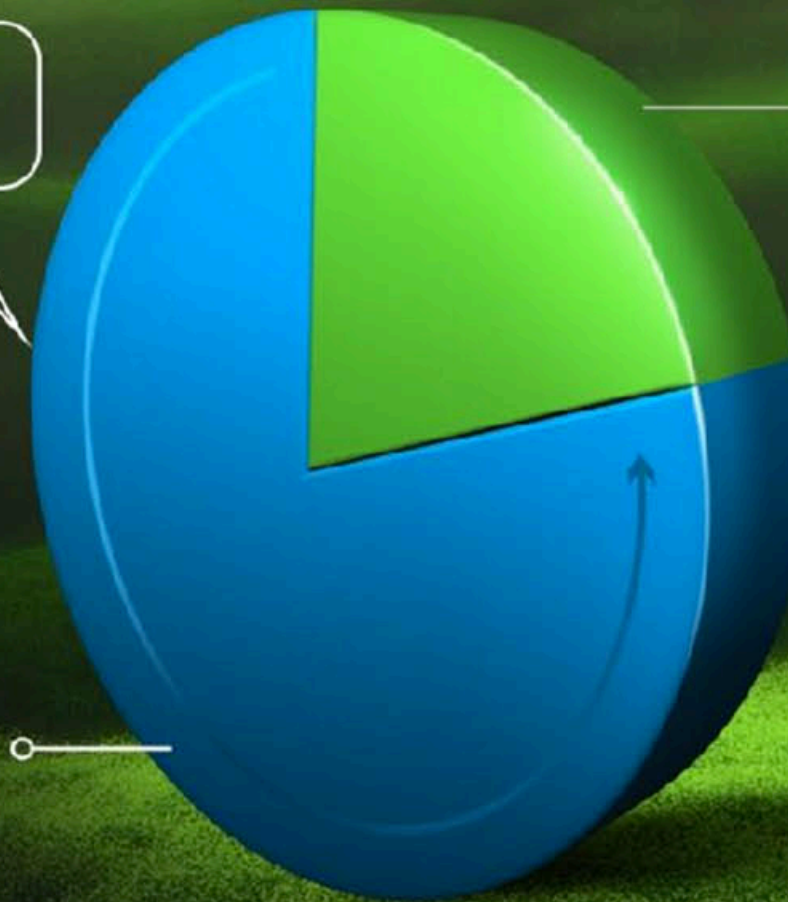

Eco-Design

Save Energy **75%**

Standard of 2W

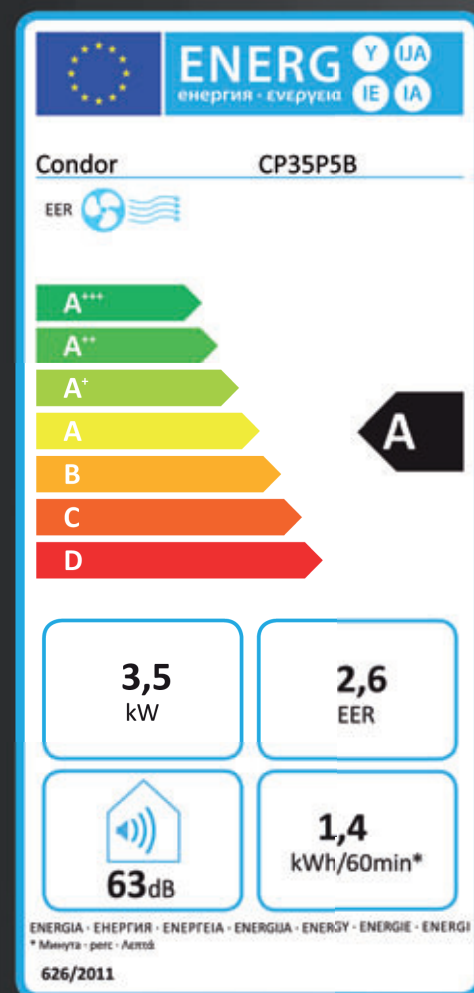

0.5W standby power consumption

Thanks to the intelligent ON-OFF technology, the Condor portable air conditioner automatically reduces its power consumption in standby mode. As a result, energy use drops from 2W to just 0.5W, delivering up to 75% energy savings.

One device, three uses

Cooling,
Dehumidification
& Ventilation

CP35P5B

ON-OFF timer

With the timer function, the air conditioner can be programmed to turn on and off automatically.

CP35P5B

Cooling without water drainage

Thanks to a condensation water recycling system, there is no need to empty the tank. The water is reused to optimize cooling, without any manual intervention.

CP35P5B

 Condor

Plug it in and enjoy the cool air!

No professional installation is required:
simply direct the exhaust hose outside,
through a window or a door.
